PURISTO S GLASS LOCK

## FORM FOLLOWS EASE OF USE

### INNOVATIVE LOCKING SYSTEM MEETS SMART DESIGN

The latest development of this exceptional lock case is impressive from all angles. Significantly reduced external dimensions result in an elegant appearance, while it still fits standard studio drill templates. The spring tension of the door handle can be custom set and the lever position adjusted to the millimetre. The smart2lock single-handed locking option is particularly easy to use. An integrated lock has never looked so modest.

## IMPRESSIVE CHARACTERISTICS

### ELEGANCE

Significantly smaller than typical lock cases thanks to redeveloped mechanism.

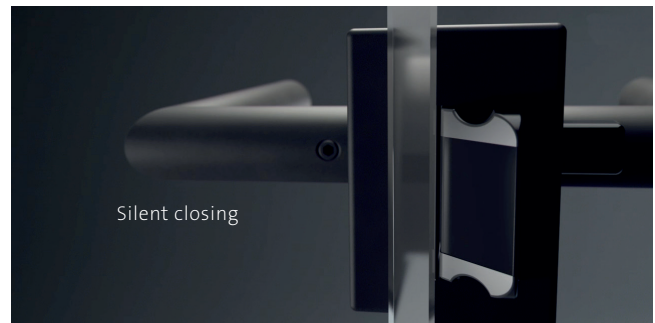

### PRECISION

Adjustable handle to ensure door handle is always perfectly aligned.

### EASE OF USE

Configurable spring tension from light to heavy for greater individual comfort.

### PEACE

Plastic insert in the whisper latch ensures silent operation.

## TECHNICAL CHARACTERISTICS

- \_ Fits standard drill templates (Studio)
- \_ With variants for right-hand and left-hand locking
- \_ Preconfigured for 8 mm, option for 10 mm glass
- \_ Studio lock case with 16 mm and 18 mm lever guide
- \_ Triple lever action ensures handle remains stable
- \_ Set with 3-part hinges including wood frame parts
- \_ Tested on 200,000 cycles in accordance with DIN EN 12209
- \_ Stainless steel lock case cover

### AVAILABLE VARIANTS

Non-closing (UV)

Profile cylinder (PZ)

WC lock (WC)

Blank case (GK)

## SMART2LOCK KEY BENEFITS

- \_ **Just click for peace** – privacy  
for rooms with glass doors
- \_ Easy **single-handed operation**
- \_ Simple **emergency unlocking**
- \_ Fits all **standard drill templates (Studio)**

Easy single-hand operation for locking mechanism, integrated into handle rather than lock cylinder.
